

MONTSECANO
PINOT NOIR 2018

“According to Julio Donoso, the 2018 Montsecano, the first vintage vinified by Derain, ‘continues the Montsecano style, following the path marked by Ostertag, but we vinified a little earlier and macerations were shorter.’ 2018 was a very good and cool vintage, and that certainly helped to have a fresher wine, produced from their five hectares of dry-farmed vines that were planted between 2006 and 2010 in the village of Las Dichas in Casablanca. The wine ferments and matures in concrete eggs until bottling. It has a moderate 12% alcohol, reflecting the character of the year and the earlier picking, with red acid berry aromas, a floral touch and more depth and complexity than the Refugio from this same year. It’s subtle, has detail and elegance and is clean and focused, with very fine tannins and a very balanced palate with integrated acidity. It’s harmonious and elegant. This is slightly different from the 2017 but equally excellent. 8,000 bottles were filled in February 2019.”
