

CORA

Abruzzo, Italy

Cora is an exciting proprietary label made for David Bowler Wine with fruit sourced from vineyards in the Abruzzo region of Italy. These are great value wines that are fresh, fun, and uncomplicated, yet satisfy our exacting standards!

Technical Specifications

Product Type: White Wine

Appellation: IGT

Varietal: Pinot Grigio

Farming Type: Sustainable

Pinot Grigio IGT Colline Pescaresi 2020 12/750ml

Cora Pinot Grigio comes from our winery partner in Abruzzo. They use 100% estate-grown fruit for our Pinot Grigio, including some older vines planted in pergola abruzzese. In Italy, they are certified sustainable for their farming practices-- no herbicides; no irrigation; yes to limiting copper use, soil compaction, and CO2 emissions. All electricity use at the winery comes from 100% solar and wind power. Cora is also a vegan wine, as no animal-derived products are used in winemaking.

The grapes are gently pressed then fermented for two weeks at cool temperatures (15°- 16° C) in stainless steel tanks, where the wine is aged for a few months. The wine is bottled in screw-cap bottles in order to maintain its fresh, bright flavors. Clean and crisp, with hints of citrus and floral notes, Cora Pinot Grigio is an excellent quaffer yet pairs well with a range of dishes, including grilled fish, caprese salad, and light pastas.
