

Supa Dupa

Alexander Valley

Sonoma County, California

DB3307-18

Cabernet Sauvignon 2018 12/750ml

Sourced entirely from certified sustainable vineyards, Supa Dupa Cabernet Sauvignon, is a classic expression of California Cab. It is elegant, but it also has enough power to handle a juicy steak and a hearty vegetarian or vegan dish, and is a perfect match with cheese or simply by itself as a glass before dinner. Hand-selected and produced in limited quantities, it is a Supa Dupa wine at a Supa Dupa price!

WINEMAKING

After the grapes were harvested, they were brought to the winery, gently de-stemmed and transferred to stainless steel tanks for fermentation. Punch downs (submerging the wine's "cap" of solids) took place daily - the wine gaining color and flavor. Once fermentation was complete, the wine was racked (transferred gently) into French oak barrels (45% new) to age for 12 months prior to bottling.

VINEYARDS

Our Alexander Valley vineyards are located between the cities of Healdsburg and Cloverdale, along the banks of the Russian River, and benefit from the sandy alluvial soils and large rock fields laid down by the river's passage over the past many hundreds of years. The warm growing season in the Alexander Valley makes it an ideal spot for ripening varieties like Cabernet Sauvignon. The region has been the source of some of California's best and most well-known cabernets and now we can add Supa Dupa to that list.
